

Ready To-Day!

A Showing of Uncommonly Pretty

New Tailor-made Suits

At \$15.95
and \$17.75

It is seldom that such stunning looking garments are to be found elsewhere at less than \$22.50 and \$25.00; even then materials would scarcely be so thoroughly dependable as you'll find in these.

The most wonderful collection of Inexpensive Fall Suits to be seen in Richmond. The swiftest new models that are tailored to the highest degree of perfection. Made from fine striped serges and fancy worsted mixtures in English effects, browns, blacks and navy blues. The nobby little plain tailored jackets are lined throughout with Skinner satin; newest pattern effect skirts. Other new Tailored Suits at these prices show touches of braid, which are fully as pleasing to the eye as they are in keeping with the latest fall models. At \$15.95 and \$17.75 these Suits are well worth your immediate consideration.

Miller & Rhoads

PAUL BEATTIE DENIES REPORT

Declares There Is No Truth in Statement That He Will Go on Stage.

Paul Beattie has requested The Times-Dispatch to state that the report sent out from Petersburg yesterday afternoon and again last night that he was to go on the stage in Petersburg to-day was absolutely without foundation, untrue and unfair to him.

"I went over to Petersburg on Monday," he said, "to see some of my relatives. A relative of my wife is connected with the Academy of Music in that city and he had asked me before-hand to stop and see him if I ever got over there. I did so, and while in Petersburg he invited me to the theatre to see 'Madame Sherry.' The fact that I was around the theatre is doubtless responsible for the report.

"I have never had any idea of fooling with theatre offers, because I can't act or sing, and I am not willing to show myself, after all this unpleasant notoriety, for gate money. I am going back to work just as soon as I can get a workman's job. I am hunting work, and it hurts my chances for the public to be known in this manner."

Mrs. Houchens, Paul's mother-in-law, also denied the stage report with some feeling. "There is not a word of truth in it," she said, "and we would not let him do that if he wanted to. But I am glad to say that Paul has never considered any theatre offer, and he will not."

Press Agent's Work.

A dispatch from Petersburg late last night stated that the local theatre had advertised Paul as an attraction to-night, but that Mayor Cameron would probably not allow him to perform. After this message was received, Mrs. Beattie denied the report. She said that Manager Dean, of the Petersburg house, had tried to reach Paul during the evening, but did not, and that he then tried to make an engagement with him for this morning. "I told him that he could not use Paul's name for advertising purposes," she said, "and that he would not go on any stage."

The whole thing was regarded here as a press agent's yarn. The Petersburg Theatre, of which Dean is manager, is not under the Dean management, Jake Wells having announced that he doesn't deal in stage prodigies.

OPENS NEXT MONDAY

Benedictine College Preparing for Important Session.

The first session of the Benedictine College will open next Monday in the new building which has about been completed in the West End. Everything points to a large enrollment. Many applicants for admission have already been refused on account of the requirements for entrance, which are seven grades of high school work. The Rev. Leo Haid, O. S. B., president of the college, has been in the city several days preparatory to the opening, giving final instructions to the priests concerning the course of studies, management and work of the school. Rev. P. Bernis, O. S. B., rector of Benedictine College, Savannah, Ga., has inspected the college, and says that it far surpasses the institution over which he presides.

Some of the other priests who have visited the school in the last few days are Rev. F. Michael, O. S. B., professor of Beloit College, North Carolina, and architect for the local college; Rev. J. Jerome and Father Joseph Le Maseret, military instructor, will open the college, and are prepared to arrange all details for the entrants.

Rutherford Claims Nomination. While a contest over last Thursday's primary is predicted by friends of A. J. Taylor, of Fluvanna, the supporters of John Rutherford, of Gloucester, are confident that he will receive the certificate of nomination to the House of Delegates. As stated in The Times-Dispatch, Mr. Taylor neglected to file his nomination in accordance with the rules, with the county committee of Gloucester. In Fluvanna Mr. Taylor received a majority of the vote, but was not voted on in Gloucester. Under the circumstances, Mr. Rutherford will claim the nomination.

GOVERNOR HAYES IS UNDER ARREST

Title Couldn't Save Him After He Had Smashed Man With Brick.

Governor Hayes and Aaron Rady, colored, were arrested yesterday on a charge of helping indent John Fraser's head with a rock. Governor Hayes is the brother of Lawyer Hayes, who was arrested Monday night and who appeared in the Police Court yesterday morning. It may be said en passant that the titles of the two Hayeses signify nothing. Governor Hayes is neither a lawyer nor a governor, and Lawyer Hayes is not, never was and never will be a lawyer. When Hayes was asked last night why his parents bestowed on him the name of "governor," and why they called him "Hayes," he said he didn't know. A lawyer would have asked him why he didn't know and would have drawn deductions from anything he might have said. But the reporter, not being a lawyer, took it for granted that Governor Hayes spoke the truth when he said he didn't know. There are lots of things real governors don't know, and why pester a person with useless questions, particularly as he had only helped him a brick into a fellowman's head?

Lewis Giles, colored, was taken in because he is alleged to have stuck a knife into the lovely form of Lella Evans. Lella didn't like it a bit, and she went to her friend, the "quire, and he called down for the aid of the law and the benediction of justice. Dr. Hulcher, of the city ambulance, sewed up her wound.

George Robinson, dark, is said to have left the State Penitentiary without leave and Policeman Matt took him again into the folds of the law. Wherefore George slept last night in the First Station.

R. B. Thaw, according to the story which is told against him, went to sleep at Eighteenth and Broad Streets last night with a gun on his hip and a pocketful of cartridges. Policemen Gerring and Smith, as well as sometimes occur, happened along and located the smores. Then they located Thaw, and on the way to the station located the three-eight.

Here endeth one little tale of woe.

WORK FOR HOWITZERS

Gymnasium Committee Is Appointed For Season.

Gymnasium work will be taken up at once for the season by the Richmond Howitzers. It is planned to have basketball and indoor track teams, with classes for gymnastic work.

The following committee has the matter in charge: Captain William M. Myers, chairman; Sergeant G. L. Nickel, Sergeant F. H. Rowe, Sergeant J. P. Sweeney, secretary and treasurer; Sergeant R. E. Hughes, Sergeant E. L. C. Macfarlane, Corporal C. A. Foley, Jr., Corporal A. L. Gill, H. F. Mitchell, R. E. Bell, W. T. DeVereaux, C. L. Kay, and J. R. Cary, Jr.

The pool table committee is as follows: Lieutenant J. T. Wood, chairman; A. S. Macfarlane, J. B. Rice and H. H. Christian.

BIG ENROLLMENT

Two Medical Colleges Expect More Students Than Ever Before.

When the two medical colleges opened yesterday noon with speeches of welcome by their respective presidents, many more than the usual number of students were present, and the indications are that the number for the coming session will be larger in each institution than ever before. New students are rushing to the matriculation. The old map are nonchalantly looking on, as old men generally do. Each college claims a larger attendance and higher percentage than last session, though no definite attendance figures can be given yet.

No time was lost in getting down to work. Several classes were called soon after the formal opening and the students will be put regularly down to work early this morning.

The country, Dr. Gray, of the new college, and Dr. Tompkins, of the old, took place in the amphitheatre of the Virginia Hospital and the assembly hall of the Medical College of Virginia, respectively. The addresses were mainly concerning the regulations and the arrangement of classes.

Appeals From Fine.

M. R. Barrett and Robert Craile, colored, appeared in Police Court yesterday morning to answer to a charge of violating the segregation ordinance at 364 East Leigh Street. Barrett's case was continued to September 18, and Craile was fined \$160. He took an appeal, and was bailed in the sum of the fine imposed.

Sheriff Kemp Takes a Rest.

After a strenuous campaign for reelection, Sheriff Kemp, of Henrico county, is spending a few days with his sister, Mrs. Baker, in Washington.

COURT'S DUTIES CONTINUE TO GROW

Fifty-Three Men of Fourth Regiment Now to Face Trial.

HEARING RESUMED MONDAY

Open Bids on State Printing Next Week—Expense Accounts Filed.

Duties assigned the court appointed to try thirteen members of the Richmond Blues for failure to attend encampment multiply from time to time. Before the time arrived for the hearing at the Blues' Armory, the same court had been assigned to try the forty-two members of the First Battalion, First Regiment, charged with the same offense.

By order issued yesterday from the office of the Adjutant-General, this court is instructed to give trial to fifty-three enlisted men of the Fourth Infantry, against whom there have been charges of disobedience to military orders in failing to attend the Culpeper encampment. The trial is to be held in the armory in Norfolk at such time as may be designated by the president.

The court is composed as follows: Lieutenant-Colonel B. W. Salomonsky, Fourth Infantry, president; Major Clinton I. Wright, adjutant-general, First Brigade; Captain I. Branch Johnson, Norfolk Light Artillery; Blues, Captain Jennings C. Wise, First Battalion of Field Artillery, is the judge-advocate.

Two days have already been given to the work of the court. The delinquent members of the Blues were tried, and several of the First Regiment men were also arraigned. The adjournment was had to Monday, September 18, at the First Regiment Armory, in this city, when the hearing will be resumed. Certain legal technicalities were to be observed, it was stated, before the trials could be proceeded with.

Open Printing Bids.

Bottom, Superintendent of Public Printing, will open bids on September 19 for the State printing for the fiscal year beginning October 1. This will include all the printing for the General Assembly, which adds largely to the annual bill. The annual reports of the various departments of government are also to be considered. About the usual number of bids is expected.

More Expense Accounts.

Senator T. Ashby Wickham, who was defeated for renomination in the Henrico district, filed his expense account yesterday with the Secretary of the Commonwealth. He expended \$92.50, mostly for primary fee and traveling expenses.

J. H. Catron, the Republican nominee for the Senate in the Second District, certified that his nomination cost him nothing.

Two Banks Merged.

A merger of two State banks was granted yesterday by the State Corporation Commission. The People's Savings and Trust Company is merged with the Virginia State Bank, Inc., both of Danville. The capital stock of \$100,000 is divided among the shareholders of the two concerns, those of the People's receiving one and one-half shares for each share of the Virginia State trading share for share.

Talk on Education.

J. D. Eggleston, Jr., Superintendent of Public Instruction, begins this week a series of addresses in different parts of the State. He will go into Page county, to spend three or four days, then into Botetourt and Rockbridge.

PAGES MUST BE ORPHANS

Speaker Will Not Name Those Whose Fathers Are Alive.

Only orphans will stand a chance of appointment as pages in the House of Delegates from Richmond. Boys whose fathers live will not be considered for these positions, of which four come to Richmond.

Speaker R. E. Byrd yesterday authorized an announcement to this effect. "It is customary," said the Speaker, "to make these appointments on recommendation of the local delegation. The rule will be followed by me, provided that the names of the boys submitted shall be those whose employment will help a widowed mother. If re-elected, I shall follow this course."

Howitzers Entertainment.

Music, gymnastic feasts and refreshments are to be the features of the entertainment to be given by the Richmond Howitzers to-morrow evening in honor of the fair friends of the battery. The affair will begin at 8:30. Feats in swimming will probably be part of the program.

Qualifications in Chancery.

Eliza J. Grant qualified yesterday in the Chancery Court as executrix of the will of Robert Grant. The estate is valued at \$1,800.

Leon B. Proskauer qualified as executor of the will of Zipporah W. Proskauer. The estate is valued at \$1,500.

NEW LINE SEEKING LIGHT FRANCHISE

Richmond and Henrico Applies to Council for Rights to Sell Like Other Company.

GOES TO STREET COMMITTEE

Offers to Give Bond That Franchise Will Be Effective in Eighteen Months.

Application was made to the Board of Aldermen last night for a franchise to sell light and power, by the Richmond and Henrico Railway Company, which now operates a street railway system over certain streets in Richmond in opposition to the lines of the Virginia Railway and Power Company. The paper was offered by Aldermen Harvey E. Atkinson and referred to the Committee on Street.

In the usual wording for granting city franchises, it offers a proposed ordinance, granting to the Richmond and Henrico company the right to erect poles and wires, construct conduits and subways throughout the streets and alleys of the city, for the purpose of supplying light and power, work to be begun within six months from the time the franchise is effective, and to be completed within eighteen months thereafter, under bond in the sum of \$5,000.

The Richmond and Henrico company now generates power for its street cars from a steam power house at the foot of Nicholson Street, which the promoters claim may be enlarged to afford current for sale for lighting and power in competition with the Virginia Railway and Power Company, which owns power houses on Brown's Island and at the foot of Twelfth St. Some months ago the Street Committee had extensive hearings on a plan proposed by Miles Martin and others for a franchise for distributing lighting and power, the current to be generated at the Middlethorpe mines. The proposition was apparently dropped when the committee insisted that the new company should erect its power house before tearing up the city streets for pole lines and conduits. The Richmond and Henrico Railway Company now has pending before the Street Committee extensive plans for extension of its tracks into the western part of the city.

DEFECTIVE WIRING

Inquiry Into Fire at City Hall Shows Ordinance Violation.

That the recent fire at the City Hall, which damaged the offices of the City School Board on the fourth floor, was caused by defective wiring in connection with the distribution system of the new municipal street lighting plant, was the substance of a report submitted to the City Board of Electrical Inspector J. Leroy Speights. Mayor Richardson has indicated that he will request the Committee on Electricity to make an investigation.

According to the electrical inspector, the fire was caused by the contact of a lighting wire of the municipal lighting system recently installed with a telephone wire of the private exchange system, which connects all public school buildings and which has been installed in the School Board offices at the City Hall. City ordinances forbid the strapping of telephone and light wires within eighteen inches of each other. The committee will endeavor to ascertain by whose negligence they were allowed to come in contact. Still more serious results might have ensued had any one been attempting to operate the telephone switchboard at the time the wires were crossed.

The light wires were strung by Starns & Company, under supervision of Consulting Engineer Trafford. The contract was revoked before the work was completed and Mr. Trafford employed men to finish the job.

STILL IN CHESTERFIELD

No Order Issued by Judge Watson for Removal of Beattie.

No order was received yesterday at Chesterfield County Courthouse for the removal of Henry Clay Beattie, Jr., the convicted wife murderer, and it was decided when he will remove the prisoner to this side of the James. Beattie appears, however, not to be very discontented with his present lot. His appetite is still good, and he sleeps well. He hopes, though, to be removed within a few days from his present quarters. His only visitor yesterday was his sister, Miss Hazel Beattie, who remained with him for several hours.

Refusal of a writ of error was

given by the court in the case of James Hutton against the Norfolk and Western Railway. Hutton, a negro eleven years old, is said to have caught his foot in the track of a road and lost his leg as a result of a train running over him. He sued and was given \$5,000 damages. This verdict was set aside by the Circuit Court of Norfolk county on the assumption that the accident could not have occurred as described.

MEMORIAL SERVICE

Calvary Baptist Will Honor Man Long Honored by City.

Services in memory of Robert Gwathmey Lucas, for more than half a century an employee of the City Department, will be held to-night at Calvary Baptist Church. Mr. Lucas established a remarkable record of fidelity to the interests of the city, being at the time of his death some weeks ago the oldest employee in point of service on the city pay roll. By special act of Council the Water Department had been authorized to keep him on the pay roll for life because of his intimate knowledge of the intricate distribution system of pipes under the streets of the city.

Former Mayor Carlton McCarthy will speak to-night on his address to the city and R. R. Gwathmey on his address to Calvary Church, of which he was for many years a member.

WITHDREW MONEY WHEN BANK FAILED

Appeal Allowed Parties Sentenced to Jail for Contempt of Court.

TRIGG CASE APPEALED AGAIN

United States Dissatisfied With Latest Decision—Tax Case in Court.

Vigorous protest against being sent to jail for contempt of court because of failure to return deposits withdrawn from a bank just before it closed its doors, is contained in the petition to the Supreme Court of E. L. Kidd and Mrs. F. H. Kidd. An appeal was allowed yesterday.

The bank involved was the Loving branch of the Virginia Safe Deposit and Trust Company, of Alexandria. According to Kidd's story, he overheard a telephone message in transmission between R. L. Camden, cashier of the branch, and one Roberts, station agent. The latter had heard of the impending trouble through the telegram message received by Camden to close the bank. Roberts was pleading to be allowed to cash some checks. Kidd says he heard Roberts asking Camden to honor a check from Stuart Whitehead, the Commonwealth's Attorney and Nutter Corporation, and knowing that Whitehead's check was good, he concluded that something was wrong with the bank.

Cashier Was Kind.

He then went to Camden, who agreed to allow him to cash two certificates deposited in the name of Mrs. Kidd, amounting to \$2,193.31. Camden was equally kind to others, although he had been instructed to close the bank, with the result that he sent to the receivers only \$114.

Suit was brought to compel the return of these amounts, and the court ordered the Kidds to reimburse the bank and its creditors within thirty days or be placed in jail until it was paid. The appeal stops this part of the proceeding.

In the petition the Kidds claim that they are entitled to trial by jury in Nelson for recovery of money, instead of through contempt proceedings in Alexandria.

Trigg Company Again.

Once more does the apparently endless litigation over the settlement of the affairs of the William R. Trigg Company, of Lexington, come before the Supreme Court. The court yesterday granted appeal to the United States of America against the William R. Trigg Company and others, from a decision of the Chancery Court of the city of Richmond.

The suit was originally instituted in the name of S. H. Hays & Co., for the purpose of a settlement of the affairs of the ship-building concern. In many forms it has been in the lower courts and several times in the Supreme Court, while last year one point was settled by the Supreme Court of the United States. The circuit court decided that the liens of the United States against the Mohawk, a revenue cutter, and against the Galveston, a cruiser, which were being built by Trigg yard at the time of its failure, would stand against the general creditors of the yard. At the same time the highest court held that the lien of the United States against the Benyard, an ocean-going tug, was valid.

Ence Sam Slow Pay.

Upon remand of the case to the Chancery Court, it was ruled that the money due by the United States to the Mohawk and the Galveston should be paid and distributed among the general creditors. From this decision an appeal is taken by District Attorney L. A. Hays, who claims that the contract between the United States and the general creditors were not prior liens. This would make the United States a sort of preferred creditor, and is but another setback to the many efforts to secure a settlement by adding the value of the work done for the government to the assets of the insolvent concern.

The report of Commissioner E. C. Massie indicated that the liabilities of the William R. Trigg Company reached a total of \$2,791,465.47, of which \$2,759 was borrowed from banks and individuals, mostly in Richmond.

Claim Tax Evasion.

A writ of error was allowed by the Supreme Court yesterday in the case of Sidney M. Loyd and W. C. Loyd against the Commonwealth, from the corporation Court of Lynchburg. The petitioners claim that the court decided that they were liable to a tax of \$1,680, on an assessment of \$1,600, for loans and \$35,000 for stocks. They say they did not own the property thus assessed.

It seems that the parties, having inherited the estate of their parents, known as the Lloyd Corporation, with principal office at Abingdon, where they say, they have paid the taxes due the State. The lower court held that this is a mere evasion of local tax laws in Lynchburg, and that the petitioners were liable for the tax. By special act of Council the Water Department had been authorized to keep him on the pay roll for life because of his intimate knowledge of the intricate distribution system of pipes under the streets of the city.

The Greatest and Last Suit Sale of the Season

A Companion Suit Sale for the Boys

From this morning until Saturday night HUNDREDS OF BOYS' KNICKERBOCKER SUITS WORTH UP TO \$6.50 AT \$3.95 EACH.

Gans-Rady Company

BOND ISSUE FINALLY APPROVED BY BOARD

Million and Half Dollar Measure, Delayed Six Months in Passage, Goes Now to Mayor Without Another Million for Streets.

Without a word of debate or a dissenting voice, and without even the formality of a roll call, the Board of Aldermen last night concurred in an ordinance authorizing the issuance of \$1,400,000 in thirty-four-year coupon bonds, bearing interest at 4 per cent, for making public improvements. The proposition had before been thoroughly discussed in committee and on the floor of the Board of Aldermen, with the financing of the new Mayor Bridge, including approaches and acquisition of site; purchase of the Ford Hotel block; three new public school buildings, and systems of water, gas and sewer for South Richmond.

Several months ago the Board of Aldermen was defeated on the same proposition by a vote of 11 to 11. The proposition has since been separated; the general improvement bond issue for matters already determined upon is one thing, and the issue for the new Mayor Bridge, including approaches and acquisition of site; purchase of the Ford Hotel block; three new public school buildings, and systems of water, gas and sewer for South Richmond, is another. The latter proposition was approved by a vote of 11 to 11.

Employment of a clerk in the special accountants' office, who shall also act as a stenographer for Council committees when required, at a salary of \$75 a month, was approved. The report of A. C. Harman, authorizing payment of \$2,535 for damage to property by reason of grading the alley between Grace and Broad, Harrison and Ryland Streets, was approved, as was the report of Assessor Harman allowing \$2,315 for damages by reason of grading Mechanicsville Turnpike.

Some Appropriations.

Appropriations already approved by the Common Council were concurred in by the Board of Aldermen last night as follows: Appropriating \$2,500 to entertain delegates to the Atlantic Deep Water Ways Convention, which will be in Richmond the third week in October. Appropriating \$8,640 to complete the opening of Monument Avenue from the Boulevard to the Rosemeath Road, including curbing and grass plots. Appropriating \$1,000 for renting and fitting up city offices in Washington Ward.

Increasing the salary of the keeper of the City Auditorium to \$500 per annum. Appropriating \$1,200 to the Fire Department for repairs to No. 5 engine house.

Resolution authorizing the condemnation of land to enlarge Washington Square.

Appropriating \$1,500 to the Board of Health for special vaccination fund. Authorizing the employment of two additional sanitary inspectors by the Board of Health, at \$500 per annum each.

Appropriating \$2,647.90 to Municipal Electric Plant, unpaid claims from 1910, for Broad Street lighting, the money appropriated having been diverted to ornamental lighting of Jefferson Avenue.

Appropriating \$3,475 to pay judgments against the city obtained by Fannie E. Brooks and Kate E. Tyler.

To Enlarge Oakwood Cemetery. Appropriating \$4,350 for acquisition of land to enlarge Oakwood Cemetery according to price fixed by commissioners of condemnation.

Appropriating \$5,000 to purchase the land of Adam Feltz for enlargement of Oakwood Cemetery, not included in the condemnation.

Appropriating \$4,000 to grade and gravel, and \$2,000 to curb and gutter Sheppard and other streets about the Benedictine College.

Authorizing the permanent employment of an additional clerk in the Auditor's office, as planned under the annexation ordinance, at a salary of \$1,000 per annum.

Resolution appropriating \$3,500 for asphalt block paving on Cherry Street leading to Hollywood Cemetery.

An ordinance fixing the salary of the City Collector and his clerks in all fees was recommended after debate. Mr. Hobson protested that it was the first time since he had been

Two New Public Schools.

A resolution was concurred in approving the contract made by the City School Board for the Madison and Buchanan schools, new Madison School to cost \$27,681 and Buchanan to cost \$25,335, which amounts are set aside from the bond issue for the two purposes, the contracts for the two buildings going to A. M. Walkup, of the heating and ventilating plants to the American Heating and Ventilating Company, and for architects' services to Charles M. Robinson.

Employment of a clerk in the special accountants' office, who shall also act as a stenographer for Council committees when required, at a salary of \$75 a month, was approved. The report of A. C. Harman, authorizing payment of \$2,535 for damage to property by reason of grading the alley between Grace and Broad, Harrison and Ryland Streets, was approved, as was the report of Assessor Harman allowing \$2,315 for damages by reason of grading Mechanicsville Turnpike.

A resolution was concurred in providing for a special committee of five to investigate and report on the condition of the city dock, now closed to public traffic.

Another Big Sewer.

On recommendation of the Committee on Streets contract was awarded to the H. L. Driscoll Company for construction of the Bacon Quarter Branch sewer at an approximate cost of \$19,600.

On roll-call Mr. Adams secured a transfer of the second voting precinct in Jefferson Ward from 2205 East Main to 2215 East Main Street.

Mr. Dunst secured adoption under the expenditure of \$750 of the street fund in smooth paving Laurel Street from Franklin to Grace Street, and he had referred to the Finance Committee a companion paper appropriating \$750 to continue the smooth paving on Laurel from Grace to Broad, and to appropriate \$7,000 to pave with granite spalls Marshall Street from Hancock to Monroe Street.

OPEN FOX SCHOOL

Exercises to Be Had in New Building Saturday Afternoon.

Formal opening of the new William F. Fox School on Hanover Avenue will be had on Saturday afternoon at 4:30, in the nature of dedicatory exercises. City Superintendent J. A. C. Chandler will preside.

Mayor D. C. Richards will deliver the address of the occasion. A Bible and American flag will be presented by the Junior Order of United American Mechanics. The presentation of the Bible will be by Rev. J. H. Moss, and of the flag by T. Gray Haddon.

The Bible will be accepted by Principal Joseph H. Saunders, and the flag by President Charles Hutler, of the City School Board.

Music will be under the direction of Walter C. Mercer.

G. M. CO'S PEARL-I-C

THIS ON
